1 wish- anything you would change/make better.

Designing a leaflet/letter

Let's design our own leaflet or letter for teenagers , explaining what a social care assessment is all about ...

- What should we include?
- How will we make sure everyone can understand it?
- Would pictures help? Which pictures would we like to use?

What young people said they wanted...

- Easy to understand letter that explains what will happen at appointment/who will come.
- Preparation pack for young people which includes a short series of questions to think about and space to record their own questions before the first meeting.
- Video clip of young people describing the assessment process and what to expect.

How can we make sure the information

Is clear and easy to understand?

Tells teenagers exactly what will happen?

Questions to think about..

Who Who will visit me? Who else is involved in assessment?	What What is a social care assessment? What questions will they ask me? What happens next/after the assessment?	Why Why might a need a social care assessment? Why do they need to know all this stuff?
Where Where will it happen?	When When will they visit me? How long will it take?	How How will I be assessed? How do I know what will happen next? How can I have my say?

Info we need to include?
What should be in the letter/leaflet?

Questions I might be asked	What I want to say	Any questions I want to ask the social worker..
What do you like to do at school?		
What do you like to do with your family?		
What do you like to do with your family?		
What do you like to do with your friends?		
Do you have friends at school?		
Do you need extra help at school?		
What are you worried about?		
What are you happy about ? What's good in your life now?		
What would you like to have now or when you get older?		

Evaluation/reflection

Are we happy with our design? what is the best bit of the leaflet/letter? - anything we could add if we had more time?
Anything you would change?

Did we remember to include our stars and wishes?
